

AMENDMENTS TO THE SPECIFICATION

Please amend the specification as follows:

On page 6 of the specification, please replace paragraph 1, beginning on line 1, with the following paragraph:

In the nonlinear optical polymer compound according to the present invention, the ~~polyimide repeating unit~~ optical polymeric compound preferably has the following formula:

Formula (6)

wherein S is an organic dye molecular group selected from the formulas:

and where A and B are each independently fluorocarbon-substituted or unsubstituted hydrocarbons having 1 to 4 carbon atoms, oxygen, nitrogen, or sulfur, and m is in the range of

0.01 to 1 as the ratio of the polyimide repeating units to all the repeating units of the optical polymeric compound.

On page 6 of the specification, please replace paragraph 2, beginning on line 7, with the following paragraph:

More preferably, the ~~polyimide-repeating-unit~~ optical polymeric compound has the following formula:

Formula (7)

On page 10 of the specification, please replace Scheme (3) beginning on line 1 with the following:

Scheme (3)
